

REMARKS / AGRUMENTS

Applicants wish to thank the Examiner for finding allowable subject matter in some of Applicants' claims, and have accordingly rewritten these claims to overcome Examiner's objections. Applicants cancelled all claims, that were rejected by the Examiner.

Status of the claims

Claims 5, 17, and 21-23, were objected to by the Examiner.

Claims 1-4, 6-16, 18-20, and 24 were rejected by the Examiner under 35 U.S.C. 102 (e) as being anticipated by Ghaibeh et al. (US Patent No. 5,978,374).

Claims 5, 17, and 21-23, have currently been amended.

Claims 1-4, 6-16, 18-20, and 24 have currently been cancelled, without prejudice or disclaimer.

Claim amendment

Applicants wish to thank the Examiner for finding allowable subject matter in claims 5, 17, and 21-23. Based on the raised objections thereto, and in accordance with the requirements set by the Examiner, Applicants amended claims 5, 17, and 21-23, to overcome the Examiner's objections, and have rewritten these claims in independent form, to include all of the limitations of the respective base claims and intervening claims. No new matter has been added.

Therefore, Applicants respectfully assert that amended claims 5, 17, and 21-23 are now allowable subject matter.

Conclusion

Applicants believe that in view of the above claims 5, 17, and 21-23 should be allowed.

Respectfully submitted,

Date: July 23, 2008
